Please describe the methods your agency considered or used to reduce the impact on small businesses:

State Milk Board Advisory Committee members reviewing and recommending fees conferred with out of state dairy regulators to ensure proposed fees are reasonable and fair to small business. Most fees are mid-range when compared to other states.

Please explain how your agency has involved small businesses in the development of the proposed rule. State Milk Board is composed of dairy producers, processors, consumers, and Department of Agriculture and Department of Health representatives. All members work and interact directly with dairy farms and/or dairy businesses.

Please list the probable monetary costs and benefits to your agency and any other agency affected. Please include the estimated total amount your agency expects to collect from additionally imposed fees and how the moneys will be used.

Monetary costs include time to develop forms since these are new fees.

Benefit will be that upon adoption State Milk Board will increase funding to operate the Grade "A" Dairy Program.

Estimated total amount collected: \$5,750.00 additional revenue annually to operate Grade "A" dairy program.

Please describe small businesses that will be required to comply with the proposed rule and how they may be adversely affected.

Single Service Container and Closure plants and Non IMS listed Grade "A" Truck Wash Stations

Please list direct and indirect costs (in dollar amounts) associated with compliance.

Direct costs are yearly fees assessed to milk industry personnel regulated by State Milk Board:

1. \$250 annually for Single Service Container and Closure Plants
2. \$200 annually for Non IMS listed Grade "A" Truck Wash Stations

Should be no indirect costs, these plants and wash stations are already being certified by State Milk Board at no cost.

Please list types of business that will be directly affected by, bear the cost of, or directly benefit from the proposed rule.

Single Service Container and Closure Plants

Non IMS listed Grade "A" Truck Wash Stations

Does the proposed rule include provisions that are more stringent than those mandated by comparable or federal, state, or county standards?
